## Important Questions | Answers | Why This Matters:
--- | --- | ---
What is the overall **deductible**? | For **in-network providers**: $850/individual or $1,700/family  
For **out-of-network providers**: $3,000/individual or $6,000/family | Generally, you must pay all of the costs from **providers** up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual **deductible** until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.

Are there services covered before you meet your **deductible**? | Yes. In-network **preventive care** & immunizations, office visits, emergency room visits, in-network **urgent care** facility visits. | This **plan** covers some items and services even if you haven’t yet met the **deductible** amount. But a **copayment** or **coinsurance** may apply. For example, this **plan** covers certain **preventive services** without **cost-sharing** and before you meet your **deductible**. See a list of covered **preventive services** at [https://www.healthcare.gov/coverage/preventive-care-benefits/](https://www.healthcare.gov/coverage/preventive-care-benefits/).

Are there other **deductibles** for specific services? | No. | You don’t have to meet **deductibles** for specific services.

What is the **out-of-pocket limit** for this **plan**? | For **in-network providers**: $6,600/individual or $13,200/family  
For **out-of-network providers**: $13,000/individual or $26,000/family | The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this **plan**, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.

What is not included in the **out-of-pocket limit**? | Penalties for failure to obtain **pre-authorization** for services, **premiums**, **balance-billing** charges, and health care this **plan** doesn’t cover. | Even though you pay these expenses, they don’t count toward the **out-of-pocket limit**.
**Important Questions** | **Answers** | **Why This Matters:**
--- | --- | ---
**Will you pay less if you use a network provider?** | Yes. See [www.cigna.com](http://www.cigna.com) or call 1-800-Cigna24 for a list of network providers. | This plan uses a **provider network**. You will pay less if you use a **provider** in the **plan**’s **network**. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a **provider** for the difference between the **provider**’s charge and what your **plan** pays (balance billing). Be aware your network provider might use an **out-of-network provider** for some services (such as lab work). Check with your **provider** before you get services.

**Do you need a referral to see a specialist?** | No. | You can see the **specialist** you choose without a **referral**.
